From a scenie standpoint the producare told that the company presenting the play is of the standard that the merits of the play demand. M tinees Monday, Wednesday and Saturday.

#### The Mosquito Bill Signed.

Governor Stokes has signed the subat tute for Assembly bill No. 8, which provides for locating and destroying mosquito-breeding areas and for appropriations by State and municipalities for such purposes.

There is appropriated for this purpose the sum of \$2,500 to the Agricultural College Experiment Station for the year ending October 31, 1905, and \$3,000 for the next year, and the further sum of \$10,000, \$4,000 to become available during the Ascal year ending October 31, 1905, and \$6,000 for the fiscal year ending October 31, 1906.

The new law authorizes the executive officer or any board of health or govern ing body of any municipality, borough. township or county to make application to the director of the Agricultural Experiment Station for an investigation of the source of breeding places of mosquitoes which infest the sections whence applications are made.

If such investigation shows that the breeding places are within the jurisdiction of the section from which the applieation is made, a report is to be made to the governing power of the city, borough, town, township or county from where the application was made, and ish the breeding places are to be sub-

Catarrh Cannot be Cured

with LOCAL APPLICATION +, as they cannot reach the seat of the disease. Catarrb is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hali's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Ca-Marrh. Bend for testimonials, free. F. J. CHENEY & CO., Toledo, O.

#### Erie's New Boat.

The Erie Railroad's new ferryboat Goshen weers the "new broom" nailed to her pilot house in token of having won the title of being "the fastest ferryboat in New York harbor." This was accomplished in a recent trial of eight trips between the Whitehall ferry landing in New York city and St. George on Staten Island. It was a test over a measured course for the benefit of the city officials who are to manage the Staten Island ferry in the future. On some of her trips the Goshen covered the distance in twenty minutes, which is eight minutes less than the regular time schedule. Her average for the eight trips made was twenty-two minutes and forty seconds, which is better by more than five minutes than the time table calls for.

The boat is not only the fasteet, but it is one of the handsomest in New York harbor, and cost close to \$250,000. The Goshen is one of the type of ferryboats to be exclusively used by the Erie in the near futura.

#### Patents Issued.

Patents issued to Jerseymen and reported for the CITIZEN by Drake & Co. Solicitors of Patents, corner Broad and Market streets, Newark, N. J.:

any objections that may be filed in writing with
the Town Clerk to said proposed improvement.

WM. L. JOHNSON,

Town Clerk Smith, Elizabeth; controller for electric

#### County Taxes.

Members of the Finance Committee of the Board of Freeholders and the chairmen of the various committees that receive county appropriations had a caucus Monday at the rooms of the County Road Board in the Bonnell building, Newark, the subject under consideration being the possibility of reducing the county tax rate by reducing the amount of the appropriations. It is understood that as a result of the conference there will be a net reduction of about \$18,000 in the appropriations from the total amount fixed last year. This will be equivalent to a reduction of about one point in the tax rate, which last year

was 57 cents on the \$100. By increasing the valuations in the county, which will be done, the reduction in the rates will be at least two points more, and may be four points more. Thus the tax rate, it is assured, with the out in the appropriations and the certain increase in the ratables, will make the rate for 1905 not more than 64, and possible 62 cents on the \$100.

When the school tax, which is a fraction more than 18 points, is deducted, tion is all that could be desired and we it will leave the actual tax rate not more than 44 cents on the \$100, and possibly

#### ORDINANCE.

Gilman, Mrs. C. P. (S.) McConnell, S. D. Osler, William Palmer, C. E., Sangster, Mrs. M. E. (M.) WHEREAS, At a regular meeting of the Town Council, held on the evening of the twenty-first day of November, nineteen hundred and four, a petition was presented for the grading of that section of Myrtle avenue (Second Ward) therein

described;
And whereas, said petition is signed by the owners of one-sixth of the lands fronting on the aforesaid section of Myrtie avenue;
And whereas, the Town Clerk has filed in his office affidavits showing said petition and the statutory notice with it have been duly advertised and posted pursuant to the law in such

Calkies, E. E. and Holden, Call, A. P. Dunkerley, S. Holmes, G. C. Powell, E. F. And whereas, the Council has duly considered all objections that have been made to the said proposed improvement of said avenue;

And whereas, the owners of a majority of the land fronting on such proposed improvement have not objected thereto;

have not objected thereto;
Now, therefore, be it ordained by the Town
Council of the Town of Bloomfield, in the County
of Essex, as follows:
Section 1. That the portion of Myrtle avenue
(Second Ward) in the Town of Bloomfield, in
the County of Essex, beginning in the centre
line of Myrtle avenue where the telford pavement now stops, and from thence running
along said centre line in a northerly direction
about five thousand feet to the centre line of
Watchung avenue, and ending there, be
graded and worked to the grade as established
by the municipal authorities of Bloomfield,
Section 2. And be it ordained that all expen-Brownell, L. W. Church, A. H. Harte, Bret. Hay, John Holland, J. G. section 2. And be it ordained that all expenses and costs of said improvement, when com leted, shall be assessed and paid as directe

Section 3. And be it ordained that said im provement shall be made under the direction of the Committee of the Town Council on Roads and Obtters and the Town Surveyors

Adopted May 1, 1908.
GEORGE FISHER.
Chairman Town Council.

WM. L. JOHNSON

#### NOTICE.

The following petition has been received by the Town Council of the Town of Bloomfield: BLOOMFIELD, N. J., March 10, 1906. BLOOMFIELD, N. J., March 10, 1908.
To the Town Oouncil of the Town of Bloomfield, in the County of Essex:
The undersigned subscribers, being owners of one-sixth of the Fands situated within the Town of Bloomfield, in the County of Essex, and adjoining the proposed route of the sewer hereinafter mentioned and described, do hereby respectfully, petition your honorable body to construct a sewer in James street. The improvement desired set forth accurately is as follows:

Beginning at a point in the centre line of

Beginning at a point in the centre line of James attest at the manbole where the centre line of Broad atreet intersects the centre line of line of Broad street intersects the centre line of said James street; from thence easterly along said centre line of James street 1,100 feet to the centre line of Spring street, and ending there.

PERIL IN THE HAND-SHAKE.

Not long ago Dr. J. N. Hirech, of Chicago, said: "The most delicate perfame upon the hands is not a sign of freedom from germs, and the most refined are not free from disease of lungs or throat, and the germs are repidly spread by touching the hand that has handled the handkerchief of one afflicted with a cold, catarrh or consumption. The breath one inhales from the lungs of another may contain germs of disease." You will not only be able to resist the germs of consumption, but many thousands of cases have been known where persons who were suffering from incipient pathiets, or the early stages of consumption were absolutely cured by Dr. Pierce's Golden Medical Discovery. It maintains a person's sutrition by enabling him to est, retain, digest and assimilate food. It overcomes the gastric irritability and symptoms of indigestion, and thus the person is saved from those symptoms of fever, night weeks, headache, etc., which are so common.

symptoms of fever, night oweats, headache, etc., which are so common.

An alterative extract like Dr. Pierce's Golden Medical Discovery, made of roots and herbs, without the use of alcohol, will assist the stomach in assimilating or taking up from the food such elements as are required for the blood, will assist the liver in throwing off the poisons in the system.

Do not permit some designing druggist to insult your intelligence by offering you a remedy which he claims is "just as good"—because he made it up himself, or ten chances to one you will get a medicine made up largely of alcohol, which will only weaken the system. only weaken the system.

Dr. Pierce's Golden Medical Discovery

br. Pierce's Golden Medical Discovery is heartly recommended by every person who has ever used it and it has stood the test of thirty-eight years of approval from people all over the United States.

PREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the book in paper covers, or a stamps for the clothpaper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.
